

Hello, new student! My name is Natela and I am your new classmate. I'm 19 years old, today on October 7th is my birthday. I live in a small town near Riga - Salaspils.

I play 3 instruments - violin, piano as well as drums. I also enjoy partying a lot, almost can't live without it. My favourite music artist is Nettspend, in addition Yeat and my favourite band is CHS. Moreover,

I am a cat person as much as a dog person, although I have a cat because when I was younger, I was only allowed to have a cat. Furthermore, I hate brussels sprouts. I hate people who can't admit guilt. That's it from me.

I guess I mentioned everything you have to know. I hope you gained interest and don't worry, you will easily fit into our class:)

See you,

Natela
