

Hey! I am Nikoleta, and I live in a seaside city called Ventspils, in Latvia. It's not huge - actually, I think it's the 7th biggest city here, which sounds impressive until you realise how small Latvia is - but even so, I like to think of it as a „small city with big character.“ And hey, we've got a beach, and that instantly makes life better!

Ventspils is super clean and calm - sometimes too calm.

If you walk around after 9 p.m., you might start wondering if everyone went to bed early or if there's a secret party no one told you about.

There are a lot of parks, flowers, fountains, pretty streets - and cows! Not real ones, of course, but colorful cow sculptures, which are a symbol of our city. In total, there are 24 of them in different sizes and colors, which I think is a pretty fun fact to know.

A little about myself - I previously finished my studies in Tourism, because I absolutely love traveling. I enjoy nature, road trips with tents, blasting music, and just appreciating life and its little moments we turn into memories. I keep my circle small but have a lot of respect for each person in my life, which I think says a lot about me as a person.

I also really enjoy learning about other cultures and all the small things that make people unique - food, habits, humor, daily routines.

So I'm excited to learn more about you and North Macedonia!
