

Hello there,

My name is Raiars and I come from Tukums, a lovely town in Latvia. I'm currently a student at Vertopis University of Applied Sciences. I would describe myself as a curious and creative person who enjoys different types of art, history, traveling and discovering new cultures.

My home town is not a big one, but it has a special charm. It's surrounded by nature, forests, fields and small lakes. Life is usually calm and everyone seems to know each other.

In Latvian culture, people tend to be quiet at first, but once you start talking, they're open and friendly for most part. We value politeness, honesty and respect.

I'd love to learn more about your country and how people communicate there and their values.

Through this collaboration, I hope to learn to see the world from different perspectives.

Warm wishes,

Raiars
